

Best Practice 1

Title: Celebration of ‘No Vehicle Day’ on the last Saturday of each month

Objectives:

- To let students, know the importance of environmental issues
- To save fuel consumption
- To avail government services and understanding its implementation success.

Context: Now a day the most debatable issue is environment and its natural conservation. The world is facing a very hard time related to the environment. Human activities like cutting of trees and use of plastic are the major causes of environmental degradation that result in natural calamities like famine, heat waves, eruption of volcanoes and storms. It is essential to initiate activities that can contribute in restoring natural environment. We believe that a small act like observing ‘No Vehicle Day ‘can immensely help to protect the environment.

Practice: The college circulated a Notice to the students and the staff of the college to celebrate the last Saturday of each month as a ‘No Vehicle Day’. They are oriented on the importance of environmental protection for the benefit of human beings. All decided to observe the same by using public transport to reach to the college.

Evidence of Success: The students and the staff use public transport for the traveling to the college on the last Saturday. All are happy on their contribution in environment protection and conservation. It is highly appreciated activity of the college and every stakeholder has taken a note of it.

Problems Encountered and Resources Required: The college is located in the remote area of Murbad Tehsil. At first the idea or practice was not acceptable as there is scarcity in the frequency in the public transport facility from Murbad Tehsil. But all were motivated to contribute in the environment conservation and to control the global warming. In spite of difficulties all agreed to follow the best practice.

Best Practice 2

Title: Giving Cash Prizes to meritorious students

Objectives:

- To motivate students for further study
- To provide the financial help to the deserving students

Context: Taking Higher Education not only provides an opportunity to improve academic excellence but also provides an opportunity to improve upon other skills. It is the time when the students can identify and garner the hidden potential to achieve many milestones in their life. Hence it is essential to provide the platform and motivation to the students for doing their best. Through such practice we motivate students to keep their spirit high.

Practice: The college provides physical and financial facilities to nurture learners' talent in academic, curricular and extra curricular activities. Every year students who take part in various cultural and sport competitions at various levels get DA/TA. Students who get Medals are felicitated with Memento and Cash Prizes in the Annual Prize Distribution Program. Students who secure First, Second and Third ranks in Annual examinations are given Cash Prizes in the Annual Prize Distribution Program also.

Evidence of Success: In the academic year 2022-23, students who got the ranks in previous year's examinations were felicitated and given cash prizes. Students who got medals in the Cultural and Sports events in the University and other State and National level competitions were given cash prizes also.

Problems Encountered and Resources Required: No genuine problems encountered as the college has allocated the budget for the same. The data related to the students was kept updated by Examination Department and Sports Department and the meritorious students were informed in time.
